Z75 event October 2031: Note to be put on zfids website regarding manning of Z75 Committee and requests for ideas regarding format and content of talks

Following the success of the Z70 event many attendees suggested that a similar event be held to celebrate the 75th anniversary of the founding of the Halley Bay Base/Halley Research Station.

The choice of the 75th year rather than the 80th year was due to the aging population of the Halleyites and the de-manning of the Station.Consequently the existing Committee decided to commence planning that event.

The Committee is requesting to any of you who have had an association with Halley to offer to volunteer in assisting in the organisation of the Z75 event.

We anticipate the form of the new committee to some existing members, new members and specific task teams members.

The positions to be filled on the Committee are:

- Secretary: responsible for taking of minutes and generally assisting.
- Treasurer
- Hotel liaison: this is a critical function to ensure the hotel is fully aware of our requirements, attendance and team leader of the on the day team.
- Chair: monitoring actions, and progress.
- Chief Executive: the committee team leader being responsible for the detailed planning and implementation of the event.
- Liaison with BAS itself:

The initial commitment is attending by Zoom/Teams meetings, If you prefer a more limited input, that will be welcome.

Our next meeting, probably teams with possibly some face to face, is scheduled for the 10th of April 2027 at 10:00 so if you would like to express interest please contact either Andy Smith (host of zfids website and Chief executive of current Committee), Gordon Devine (current Chair) or Jess Walkup (BAS Liaison) through the zfids website.
